One girl who deserves – and has won – a place in our Reader's Top Ten, is Tove, or "Tiny Tove" as she is affectionately known.

Tove was the star of our earlier **TEENAGE SEX** magazines and **TEENAGE SEX VIDEO** – she was extremely popular, because she looked three or four years younger than she was in reality. Tove was the perfect teenager – petite, sexy and experienced, but more than ready to learn about love and lust. Her mother was one of the real "pomp" princesses, who spent time in jail because she appeared in a blue movie at the beginning of the sixties. Tove had obviously inherited some of her mother's "pomp" (as it is), and as soon as she was old enough, she wanted to follow in her footsteps. She quickly shot to the top of our teenage "hit parade". In fact, she was so repeatedly requested that she became the mascot for the **TEENAGE SEX** series, and quite deservedly so.

The following story was first published in **TEENAGE SEX NO. 6**. It is very typical of the kind of picture sequences that appeared in these series, and it also clearly illustrates Tove's talents, teenage good looks and "experience". No wonder our readers fell for her. We are sure you will too. Good reading!
